

ANOTHER CHANCE FOR GOD TO MOVE

(chorus)

**This trial is just another making of one more mighty movie,
One more testimony—one more chance to praise the Lord,
This fiery situation that you have been engaged in
Is just another chance for God to move.**

**Satan laid a stumbling block before your path today,
Just one more chance for God to send the devil on his way.
Just a grain of faith . . . faith in Jesus' name,
Gives just another chance for God to move.**

(chorus)

**God's hand has moved defensively to take me from harm's way.
Just another chance to prove that God's still God today,
So bring to Him your burdens, on His shoulders cast,
Another chance to move in your behalf!**

(repeat above chorus then end with below chorus)

**This trial is just another making, of one more mighty movie,
One more testimony—one more chance to praise the Lord
This fiery situation that you have been engaged in
is just another chance for God to prove His mighty love for me,
One more opportunity . . . just another chance for God to move.**
