

GOD DOESN'T CARE

**You never would believe the way I've lived,
You don't know all the things I'm guilty of,
My sins are much too horrid to forgive,
I'm covered by the shame of all I've done.**

(chorus)

**If this is your story . . . You need to know the truth,
God doesn't care He just wants to love you;
His grace can reach the deepest in despair,
So no matter what you've done,
God doesn't care.**

**You may not understand the way God loves,
His Grace has covered sin we'll never know,
So stand beneath the cross where Jesus hung
And let Him wash you in the cleansing flow.**

(chorus—begins 'Whatever your story')

**He cares about the pain that weighs you down,
He cares about what breaks your heart in two,
He cares about the tears you're crying now,
But your yesterdays can't keep His love from you.**

(chorus—begins 'Whatever your story')
